

# A QUICK REVIEW OF THE LATEST CHANGES IN NEW AFFILIATION PROCESS OF CBSE

Reference: CBSE Circular No. 01/2021  
Dated : 07.01.2021

## FRESH AFFILIATION/UPGRADATION

### OLD AFFILIATION PROCESS

the application window opened for three months from January to March

### NEW AFFILIATION PROCESS

the application window opens spread across the year, one months each in March, June and September

### OBSERVATIONS

Welcoming move.  
As per previous format during inspection by CEO for NOC before March caused concern for new schools because the new school can operate only from April. So during inspection children were not in school.

In the new format the window also opens in June. Thus after the school starts operating in April schools can apply for NOC.

## EXTENSION

### OLD AFFILIATION PROCESS

This window opens in January and ends in March

### NEW AFFILIATION PROCESS

This window opens in March and ends in May

### OBSERVATIONS

Thoughtful move.  
In the previous format schools used to be engaged during January to March in the Board/Annual Exam.

In the new format schools can leisurely apply between March to May.

## ADDITIONAL SUBJECTS/SECTION INCREASE/CHANGE OF SCHOOL OR TRUST NAME ETC

OLD AFFILIATION PROCESS  
January to December

NEW AFFILIATION PROCESS  
March to February

## SPECIAL PERMISSIONS UNDER SECTION 15

OLD AFFILIATION PROCESS  
January to December

NEW AFFILIATION PROCESS  
March to February

- Getting Appendix II for new schools and Appendix III for extension had to be signed by DEO in the earlier format. In the new format this has become optional. Now the Principal and Manager of the school can sign. This has to be further counter signed by authorised person of the Trust.
- In the new format, Appendix II and III will be a system generated one, which will avoid the problems of mismatch in the data while manually filling up. Now the system will take the data such as land area, Name of the trust etc from the Data what we are proving in the ONLINE application form.
- In the new format, the data what we are providing will be scrutinised by the system itself which makes the process easier and quicker one.
- In the new format, the IC letter will specify the dates of Inspection which makes it easier for the schools to complete the Inspection on time.

## TAKE NOTES
